**“ I was really impressed with the quality of instruction that was presented by a very experienced cadre of instructors. - Justin R. ”**

Covered 6 is a “Veteran Owned” business that is dedicated to bringing the best training programs to qualified professionals who need the tools to succeed in today’s ever changing industry. Our programs meet or exceed many of the current industry and State governing standards.

We have developed our Private Security Academy to provide specialized training and certificates that are in demand from American companies who need better than average protective services. Covered 6 works with these companies to place our graduates in exciting jobs in Aerospace, Entertainment, Corporate, and Educational organizations across the country.

Our facility is designed to support specialized training and provide a unique experience to our students. We have both indoor and outdoor interactive classrooms that enhance the realistic settings for tactical firearms, medicine and defensive tactics. With a cadre of instructors that is comprised of the finest veterans, law enforcement and private sector subject matter experts, who bring “real world” experiences to the classroom.

Come join us today and see why Covered 6 is setting the standard for professional private security training in the United States.

**There is no cost for training for qualified Veterans who have GI BILL benefits or Employment Development Funding.**
