

GLOBAL MARITEK SYSTEMS

Global Maritek Systems, Inc. provides vessel maintenance in support of U.S. Customs and Border Protection, U.S. Coast Guard, and other Federal, State and Local law enforcement high performance maritime assets.

When you join Global Maritek Systems you become part of a nationwide company of people dedicated to serving our government customers with integrity and efficiency. You become a member of a team working together to maintain government marine assets to the highest possible state of operational readiness. We do this by providing superior quality service in the most effective and timely way possible. Our maritime maintenance expertise protects the officers and agents securing our maritime borders, conducting search and rescue missions after natural disasters, and providing security during national events.

Do you look forward to being part of a mission bigger than yourself? We hope so! Call or email today.
